SPRINGFIELD, Ills., Sept. 30.—Governor Tanner was called up by telephone yesterday afternoon by Sheriff Colburn of Pana. who requested troops, which Governor Tanner agreed to send.

Captain Craig of Battery B of Galesburg was ordered to go with his men to Pana at once and Colonel John B. Hamilton of Elgin was also ordered to report with two of the best equipped companies of Sons of Veterans for riot duty.

Governor Tanner ordered Captain Craig to camp within the city limits and to protect the life and property of the citizens, but under no circumstances should they aid the operators or mine owners in the operating of the mines with foreign labor, to which the governor is very much opposed.

THE QUEEN DEAD.

At her bedside were the king of Denmark, the dowager empress of Russia, the king and queen of Greece, the Princess of Wales, the Duke and Duchess of Cumberland, the crown prince and crown princess of Denmark and all the other members of the royal family.

Last evening court chaplain conducted a brief mourning service in the room in which the body of the dead queen lay. All the members of the royal family were present.

WASHINGTON, Sept. 30.—After a thorough examination of the relative merits and demerits of the two plans, Secretary Alger has framed a project, which he has now under consideration for the amalgamation of the regiment and division hospitals in such manner as to retain the most desirable features of both.

THE WAR INVESTIGATION.

Members Examined and Classified Complaints Made to the President.

WASHINGTON, Sept. 30.—The war investigating committee confined itself at its forenoon session yesterday to the examination and classification of complaints which have been made to the president. They come generally in the form of letters and are for the most part from relatives of enlisted men. They relate especially to the food served to soldiers and to hospital accommodations.

The latter said there was no justification for the charge that the site of Camp Thomas was not desirable. The doctor said that the hospital facilities were limited at first, but these had been increased until they were adequate to meet the demands upon them.

The committee expects to begin to take testimony next week. General Wheeler is expected to be among the first witnesses called.

GRATEFUL SOLDIERS.

Stephen Barton Wrote of the Gratitude For Red Cross Supplies, In Porto Rico.

NEW YORK, Sept. 30.—Stephen E. Barton, chairman of the Red Cross executive committee, has received a letter dated Sept. 16, from Mr. Barnes, the Red Cross representative in Ponce, Porto Rico. He said in part: "Two days ago I went through the wards of the great army hospital at Ponce. To see the hundreds of wan soldiers eagerly taking the nutritious soups and delicacies furnished by the Red Cross, to hear the boys say 'God bless the Red Cross, we would die without it,' would have brought tears to the eyes of the generous benefactors whose bounty has been so prompt and unstinted toward the defenders of the flag."

He says the ordering of the serving of ice and milk came as a great blessing.

He further said in part: "The truth is that only by these timely restoratives can the Porto Rican army ever be restored to America again, for about one-fourth are in hospitals or sick quarters very largely from typhoid fever and more than half of the remainder are totally unfit for duty."

For a month to come, he said, the rainy season would increase the danger.

WANTED PAY FOR NURSING SICK SOLDIERS

Bushnell Said to Have Gotten Bills From Lebanon (Pa.) Hospital—Hastings Don't Believe It.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 30.—Surgeon General Sternberg has instructed Chief Surgeon Girard to send no more patients to city hospitals from Camp Meade. The conduct of the trustees of the Good Samaritan hospital of Lebanon is largely responsible for the surgeon general's action. After tendering the good offices of the hospital staff and the facilities of the institution to the medical department of the Second corps, the trustees wrote to Governors Pingree and Bushnell demanding pay for treating soldiers from Michigan and Ohio.

These communications were forwarded to the war department and from there to Colonel Girard. He at once notified the trustees that they would be allowed 60 cents a day for each soldier patient and that no more patients would be sent to that hospital, or to any other civil hospital.

The health conditions at Camp Meade are such that Colonel Girard thinks it will not be necessary to relieve the hospitals by sending sick soldiers to institutions away from Camp.

The Red Cross society is doing splendid work and if necessary the society will fit up a hospital in Philadelphia for the care of sick soldiers that may be sent from Camp Meade.

Forty patients were sent to Lebanon hospital after repeated offers from the president and trustees of that institution.

Governor Hastings said last night that he not believe any hospital in Pennsylvania would send a bill to the governor of a state for nursing a sick soldier away from home. "To resort to such a thing," he added, "would be unworthy of any hospital in the state, unworthy of the patriotic sentiment of the people and a reproach upon the fair name of our commonwealth."

Charles Robinson of Philadelphia, an orderly at the Red Cross hospital, was stricken with typhoid fever Wednesday night. He was removed yesterday to a Philadelphia hospital.

There were several critical cases of typhoid, but the surgeons seem to have obtained the upper hand in the treatment of the disease.

Two deaths Wednesday night—Private Archie McFarland, Company K, First Maryland, died at the Red Cross hospital from typhoid fever, and his body will be taken to his late home in Mt. Savage, Md., by his father; Private Archie Tomlin, Company A, Fourth Missouri, died at the Lebanon hospital yesterday morning from the same disease.

STARVING AT MATANZAS.

Distress, Disease, Death and Hunger Continued Unabated.

HAVANA, Sept. 30.—The distress, disease, death, hunger and starvation at Matanzas continue unabated. The daily average of deaths upon the street corners exceeds 20, and the condition of the poor in Havana is not much better than in Matanzas.

Mothers, gaunt and famished, hugging the shadows of skeleton children to their breasts, beg food and fall by the wayside, but the government refuses to admit the gravity of the situation and has closed the soup kitchens, proclaiming to the world that want and destitution no longer exist here.

A meeting was held at the Lyceum in Matanzas Wednesday night for the purpose of arranging for a systematic distribution of the supplies brought from the United States by Red Cross steamer Comal.

The Ultimatum Presented.

PARIS, Sept. 30.—It is reliably reported that the ultimatum of the powers to Turkey regarding the island of Crete was presented to the sultan yesterday.

Proper, a carriage and harness manufacturer of Diamond, Pa., was on his way to the Lake Shore depot early yesterday morning, with the intention of taking a train to Cleveland, he was stopped by two strangers at a lonely spot under a railroad bridge, where one of them knocked him unconscious with a club, and then both robbed him of $2,215. When Mr. Proper recovered consciousness he found his way the best he could to the Wilson House. The strange men boarded an early Lake Shore train, getting in between the mail and baggage cars.

MANILA, Sept. 30.—The declaration of independence was ratified at Malolos yesterday amid great festivities. A review of the troops was held, speeches were delivered and recitations. The feature of the ceremonies was the address of Aguinaldo. Many foreigners attended the state ball, which was given last evening, but no American officials were present.

COMMISSIONS MET.

Peace Negotiators Entertained at Breakfast by Foreign Minister Del Casse, In Paris.

PARIS, Sept. 30.—The breakfast at which the two peace commissions met for the first time yesterday was a purely informal affair, given by M. Delcasse, in his private apartments at the foreign office. The minister met and greeted each American in turn and then presented them to the premier, M. Brisson. Simultaneously Senor Castillo stepped forward to greet General Porter, whereupon the two groups moved together and introductions to each other were effected by Delcasse.

The breakfast, or luncheon, as it may be termed in the United States, occupied about 80 minutes.

Coffee and cigars were served in an adjoining apartment and after half an hour's further chatting the party broke up, both commissions leaving simultaneously with courteous adieux.

The Americans regard the function as having been a happy means of making the two sets of commissioners acquainted with each other.

ONE DEATH REPORTED.

Forty Men Transferred From Wikoff to New York Institutions.

NEW YORK, Sept. 30.—Forty sick men were transferred from Camp Wikoff in a hospital train yesterday and will be distributed among New York institutions.

SYRACUSE, Sept. 30.—The Democratic convention of New York state at its convention yesterday named this ticket:

State treasurer—E. P. Morris of Wayne.

Contrary to all expectations the convention was very harmonious, the only contest being for the nomination for governor and only one ballot being taken on that.

Van Wyck is a brother of the mayor of New York.

The platform said among other things: "If the affidavits and official statements of the Republican candidate for governor are true he is ineligible to the office of governor; if false, he has committed perjury and is morally disqualified. He cannot escape from his dilema—there is either legal disqualification or moral unfitness."

Delegate Pierce of Monroe attempted to speak on the silver question, but was ruled out, but a mention of the name of William Jennings Bryan by Thomas Carmody produced the greatest demonstration witnessed in the convention.

The vote for governor was: Van Wyck, 350; Stanchfield, 38; McGuire, 31; Titus, 41, and, on motion, the nomination was made unanimous.

Hawkins, United States volunteers, who commanded the division which captured San Juan hill in the second day's fight at Santiago, has been appointed a brigadier general in the regular army to fill the vacancy caused by the retirement of General William M. WORE EUROPEAN CLOTHES.

This Said to Have Helped the Downfall of the Chinese Emperor.

PEKIN, Sept. 27, via Shanghai, Sept. 30.—The developments of palace affairs confirm the belief that the emperor, by the radical reforms which he had decreed, prepared himself for the blow struck by the dowager empress. The emperor's chief adviser, Kang Yuwei, obtained unbounded influence over him and inspired the reforms.

The current story is that the immediate cause of the emperor's downfall was that he appeared one day in European clothes. This offense, it appears, was aggravated by the arrival in China of the Marquis Ito, the Japanese statesman, who alarmed the palace officials as foreshadowing Japanese dominion in the empire's councils. Thereupon the dowager empress deposed her nephew.

Kang Yuwei, foreseeing trouble, fled two days before the crisis. His followers were arrested today.

The announcement of the emperor's death is expected soon, and the dowager empress is likely to appoint a figurehead as his successor, retaining the real power herself.

A memorial stone was unveiled, and Joseph Rice, a great great grandson of Missionary John Heckwelder, made an address. The line of march then led to the cemetery, where impressive ceremonies were held on the site of the mission house, where on March 8, 1782, 90 Christian Indians were massacred. About 10:30 o'clock historical services were held in the Moravian church, where Rev. Rice made an address on the life of Heckwelder. Bishop J. H. Van Vleck, the retired Moravian churchman of Gnadenhutten, also spoke.

At the afternoon exercises in the church short addresses were made by representatives of the Ohio Archaeological and Historical society of Columbus, and Prof. Charles Haupert of Wooster university. The day's program closed with a cantata at the church in the evening entitled "David the Shepherd Boy."

PEKIN, Sept. 27, via Shanghai, Sept. 30.—The developments of palace affairs confirm the belief that the emperor, by the radical reforms which he had decreed, prepared himself for the blow struck by the dowager empress. The emperor's chief adviser, Kang Yuwei, obtained unbounded influence over him and inspired the reforms.

The current story is that the immediate cause of the emperor's downfall was that he appeared one day in European clothes. This offense, it appears, was aggravated by the arrival in China of the Marquis Ito, the Japanese statesman, who alarmed the palace officials as foreshadowing Japanese dominion in the empire's councils. Thereupon the dowager empress deposed her nephew.

Kang Yuwei, foreseeing trouble, fled two days before the crisis. His followers were arrested today.

The announcement of the emperor's death is expected soon, and the dowager empress is likely to appoint a figurehead as his successor, retaining the real power herself.

Centennial of Founding of Gnadenhutten Celebrated.

APPROPRIATE EXERCISES HELD.

Historical Procession—Memorial Stone Unveiled — Short Addresses Made In the Church—Cantata Given—White Missionaries Did First Work In Town Site.

GNADENHUTTEN, O., Sept. 30.—The centennial of the founding of this village was duly celebrated yesterday by one of the largest assemblages ever congregated in Tuscarawas county. The program opened this morning with a historical procession, which proceeded to the site of the first house built by John Heckwelder, where the committee had erected a facsimile of the old hut occupied by Heckwelder.

A memorial stone was unveiled, and Joseph Rice, a great great grandson of Missionary John Heckwelder, made an address. The line of march then led to the cemetery, where impressive ceremonies were held on the site of the mission house, where on March 8, 1782, 90 Christian Indians were massacred. About 10:30 o'clock historical services were held in the Moravian church, where Rev. Rice made an address on the life of Heckwelder. Bishop J. H. Van Vleck, the retired Moravian churchman of Gnadenhutten, also spoke.

At the afternoon exercises in the church short addresses were made by representatives of the Ohio Archaeological and Historical society of Columbus, and Prof. Charles Haupert of Wooster university. The day's program closed with a cantata at the church in the evening entitled "David the Shepherd Boy."

They Are Wholesale Merchants Looking After Their Trade—They Will Remain an Hour In Town, After Spending the Same Time In Wellsville.

The sixth trade extension excursion of the wholesale merchants' board of the chamber of commerce committee of Cleveland will take place from Oct. 4 to 7. An itinenry to include 41 towns has been prepared.

The train, composed of three palace sleeping cars, with other necessary coaches attached, will, on leaving Cleveland, start in a southeasterly direction over the Pennsylvania lines to Beaver, Pa., keeping in Ohio most of the time. Returning it will traverse Ohio due west as far as Lima. From Lima the excursionists will return home.

Stops of from ten minutes to two hours will be made at each of the 41 towns and cities included. The wholesale merchants will leave the train and visit the merchants in their respective lines. It will readily be seen that the excursion is no junketing tour, but a strictly business journey.

Upon reaching Yellow Creek the train will be shifted to the river division and hastened through to Steubenville. From there it will come to Wellsville where the stop is one hour. Leaving there the run will be quickly made to this city, where another hour will be spent. The train then goes to Rochester, and thence over the Fort Wayne through the northern part of the county. Harry Garfield, president of the chamber of commerce, will accompany the 40 business men who will make the trip.

There was a season of handshaking, and all present were provided with refreshments.

NOT NECESSARY

To Wear a Uniform While Home on Furlough.

The question of whether soldiers are compelled to wear their uniforms while on furlough has been freely discussed since the boys came home. It has also been discussed in other towns, and of it Colonel Day, of the First cavalry, says:

"You can quote me as saying that it isn't in the least necessary that a soldier on furlough should wear a uniform. Some hesitate to cease wear one, and further hesitate to work wearing one. A man on furlough is entitled to wear civilian's clothes, and thus need have no embarrassment in doing any work he pleases while on furlough."

RAN INTO A HOUSE.

Two Horses Ran Four Miles and Scared Three Children.

LISBON, Sept. 30.—[Special]—John Huston took two wagon loads of sheep to the Canfield fair, and on the return last night stopped near Franklin Square to feed.

While the horses were eating he walked to the rear wagon when the team hitched to the front wagon ran away. They ran four miles until they reached the residence of Professor Vanfossen at Lisbon. Colliding with the house the neck yoke broke and the tongue went through the weather boarding. It also pentrated the plaster, and badly scared the professor's three children who were in the library. The horses were jammed up against the house where they remained until released. No one was hurt.

West End Parties Are Complaining Bitterly.

There is some complaint because some of the residents of Eighth and Jethro streets have not yet complied with the ordinance, which says that all drain water shall be run under the sidewalks.

A number of them run the water across the pavements in an open gutter, and the streets are continually covered with water.

Sent Rinehart a Check.

Silver Thistle, owned by Lyman Rinehart, yesterday took second money in the 2:29 pace at Beaver. The protest against the animal at Lisbon was not allowed, and the fair association the day after the race sent him a check for first money.

Edgar Emerling, employed at the Goodwin pottery as a clay carrier, had his back badly injured yesterday when a lot of boards fell on it. He was removed to his home where his injuries were dressed by a physician.

Under the Law There Are Summer and Winter Hours, and the Former Ends With This Evening—The Law Will Be Enforced as Before.

Beginning with tomorrow evening the curfew will sound at 9 o'clock and all children must be off the streets at that time.

The ordinance which was so long allowed to go unnoticed, provides that no children under the given age shall be allowed on the streets after 9 o'clock in the evening between Oct. 1 and April 1. The ordinance as it has been enforced was on the summer schedule but now the winter plan becomes operative.

All police officers have been instructed as to the change, and are expected to enforce it to the letter.

Miraculous Cure of Asthma.

The statement published below confirms the claim of Doctor Schiffmann that he has now discovered an absolute remedy for Asthma, a disease which has heretofore baffled the skill of the most noted physicians.

Mrs. Mary Zachery, Pleasant Hill, La., says: "I have found your Asthma cure a permanent cure for asthma, for which I used it seven years ago. I have never had the slightest return of the trouble since. I have also found your remedy excellent in Bronchial affections. I shall ever have a feeling of gratitude for the benefits derived from your cure."

Packages of Schiffmann's Asthma cure may be obtained at all druggists at 50c and $1 per package or by writing to Dr. R. Schiffmann, box 804, St. Paul, Minn.

WELLSVILLE.

PAID FOR THEIR RIDE

Two Pittsburg Men Caught on a Freight.

PAID DEARLY FOR THE TRIP

They Were Arrested and Taken Before Squire MacKenzie Who Gave Them an Unusually Salty Dose—All the News of Wellsville.

Two young men, giving their names as Paul Jones and Jack Smith and their residence Pittsburg, were in attendance at the Beaver fair yesterday, and when time to go home they thought it would be a variety to try freight riding. But when they reached Wellsville Officer Moore was on the platform and took charge of them.

This morning they were taken before Squire McKenzie who assessed them $7 each as their fare for the ride from Beaver. They paid the amount and departed.

Old Resident Dead.

James Scott, Mrs. J. C. McCann and her daughter, Miss Ethel McCann, took the morning train in response to a telegram announcing the death of Mrs. McCann's brother, William Scott, of Smithfield.

Mr. Scott was aged 68 years, and leaves a wife and seven children, all of whom are grown. One daughter and two sons still remain at home. Rev. Dr. T. J. Scott, a missionary in India for the past 30 years, is a brother of the deceased.

Mr. Scott was well and favorably known in this vicinity.

Wanted to Talk.

Yesterday the trio of men engaged in the case of horse stealing matter were taken to Lisbon by Officers Thorn and Duncan.

On arriving at the jail Officer Thorn was told that Mrs. Gorley wished to speak with him, but when he presented himself Mrs. Gorley said he was not the man she wanted. She described Officer Duncan, and it is probable she had him in view, but Officer Duncan respectfully declined the honor of discussing old times with Mrs. Gorley as the pleasure was altogether on one side.

The News of Wellsville.

A reception was tendered the soldier boys of town last evening, by the young people of the Methodist Protestant church. Refreshments were served and a very pleasant time was had.

Mr. and Mrs. Cyrus Snyder, of Allegheny, who have been in attendance upon the funeral of the late Mrs. Martha Snyder, returned home yesterday.

Miss Sadie Morgan and Miss Jennie Morgan, of Irondale, who have been visiting friends in town for a few days, returned home yesterday.

Last evening a special with seven passenger coaches came down from Pittsburg before the regular evening train. The train was half an hour late.

Mrs. Fred Eckfield yesterday received $2,000 insurance from the Maccabees, the amount of a policy upon her husband's life.

Mrs. T. M. Thompson, of Irondale, was in town on business yesterday.

Mrs. B. S. Gilson, of Irondale, was visiting Mrs. James Gilson yesterday.

Mrs. Jennie Wherry, of Empire, spent the day with W. S. Johnston in Congo.

Mrs. Jane Foster has returned to her home in Allegheny after a visit with relatives in Fredericktown and with J. J. Dowling.

E. E. Lowry has started on a trip in the interest of a Boston shoe firm.

Miss Mary Cope returned yesterday evening from her visit with friends in Wellsburg, W. Va.

E. S. Kelley returned today from a business trip to Canton.

D. M. Kammerer was in town yesterday on business.

This morning Richard Barr was brought before Mayor Dennis on a charge of assault. He pleaded guilty and was fined $9.50, which he arranged to pay and was liberated.

Mrs. W. W. McChesny and daughter, Edna, who have been visiting friends in Indiana, Pa., for some months, have returned home. Mrs. A. M. McChesney returned with them.

Mrs. James Criss, Mrs. James Bradley and her sister, Mrs. Allison, of Toronto, Mrs. Cy McCarrell, Miss Ada Brockett and J. Q. Boring are in attendance at the Christian Missionary convention being held at Lisbon.

There was not a large attendance at the Young Men's Catholic association meeting last evening and on that account no particular business was transacted. Plans for the year were discussed, and the meeting adjourned until next Wednesday evening.

RAN INTO A HOUSE.

Two Horses Ran Four Miles and Scared Three Children.

LISBON, Sept. 30.—[Special]—John Huston took two wagon loads of sheep to the Canfield fair, and on the return last night stopped near Franklin Square to feed.

While the horses were eating he walked to the rear wagon when the team hitched to the front wagon ran away. They ran four miles until they reached the residence of Professor Vanfossen at Lisbon. Colliding with the house the neck yoke broke and the tongue went through the weather boarding. It also pentrated the plaster, and badly scared the professor's three children who were in the library. The horses were jammed up against the house where they remained until released. No one was hurt.

THE New York Democrats repudiated free silver, and they would have repudiated it whether Bryan was in the army or making speeches every day in New York.

IN the absence of sensations in Cuba, the yellow journals have turned their attention to Porto Rico. If some of the bright, active young soldiers down there could read the stories printed in New York every day, they would doubtless fall ill from very sympathy for the poor fellows so graphically pictured.

ABOUT the time war was declared the state of Ohio patriotically appropriated $1,000,000 for any expense it might incur during the conflict, but it did not need all the money. An accurate account has been kept, and Auditor Guilbert now shows that the glory of Uncle Sam and the acquisition of much territory cost Ohio just $219,287.59 in money. It is not the duty of the auditor to count the cost in tears, and sorrow and broken down men.

THE INTERESTING BATTLE.

If Judge Van Wyck and the men who are behind him possess the required qualifications there will be political warfare of the right kind in New York, an old-fashioned, red-hot campaign attended by all those incidents which go to make contests of that character interesting and attractive.

Colonel Roosevelt will make it so. He is just now the right man for the position, and no one who is interested in his progress need fear for the result. He will not disappoint them since he is not the man who disappoints anyone. Since the beginning of his career he has shown those qualities of independence and personal force, as some one has styled them, that are tended to lift man above his fellows. As a newspaper man he was a success; in New York City politics he made his name heard and had his own way; in the navy department he was a force for good; as colonel of the famous Rough Riders he was a hero who shared his fighting, his rations and his glory with his soldiers. He was an idol by the pure strength of his character. Heavy Fog Caused a Wreck This Morning

ON THE HILL AT THOMPSON'S

A Regular Freight and an Extra Came Together, and Damage Amounting to Not Less Than $5,000 Was Quickly Done. Blame Not Placed.

At 2:10 o'clock this morning a freight wreck occurred on the Cleveland and Pittsburg road a short distance above the Thompson pottery. It is the second large wreck in this section within the year. The wreck of this morning will envolve a loss of at least $5000, possibly more. Who or what seems to be the direct cause of the wreck may never be known except to the company's officials.

At the time the wreck occurred train 89, third section, in charge of Conductor Swartz and Engineer Denslow was going west. It was on the siding, and the engineer seeing that he could not be stopped on account of the heavy train and grade had the fireman run ahead and open the switch to the main line. This was done for the purpose of giving the train a chance to back on the siding. The train had not passed the point of clearance until extra 623 going east in charge of Conductor McMahon and Engineer Sterling entered the siding and crashed into the westbound train. As the eastbound train was hauled by a class H 4 engine, it had no trouble in doing considerable damage to the class N engine on the westbound train. The cow catchers of both engines were completely demolished. Three cars loaded with iron ore, brick and sewer pipe were completely demolished on the eastbound train and were overturned, and two cars loaded with coal on the westbound train were also destroyed. Two other cars laden with coal were slightly damaged.

The wreck crew from Wellsville did not reach the wreck until 7 o'clock. The 5 o'clock train went to Pittsburg by way of Alliance. The track was cleared about noon when traffic was resumed. The train due in this city at 8 o'clock lay at Wellsville, and the one at 8:20 lay at Smith's Ferry. It is estimated that almost 3,000 people viewed the wreck.

Two Cases Were Heard In Circuit Court.

LISBON, Sept. 30.—[Special]—The entire afternoon yesterday was occupied in circuit court in the hearing of the McClosky-Hay will case from East Liverpool.

The case of J. P. Caldwell versus L. M. Dewell was heard in circuit court this morning, and the court is now hearing the appeal case of Barbara McColla versus H. C. Jones. Mrs. McColla owns a life estate in Salem land, and paid an assessment to the city for a sidewalk in front of her property. She seeks to be reimbursed by the heirs.

Mrs. Mary Gourley, of Liverpool, was given 30 days in jail and $15 fine for stealing $20 from John Smith.

J. C. Kistler has sold to Albert Hoops land in Butler township, $225; the Land Improvement company to G. C. Pefford, $275.

William Whitney, Allie Downer and John Patterson, of Wellsville, charged with horse stealing, were brought to Lisbon yesterday and placed in the county jail. It is claimed the prisoners stole the horse and buggy of John Kennedy. They sold the rig at Smithfield for $25. They got $5 on account, and were to get $20 the next day. They failed to return, and the buyer notified the Wellsville authorities. The trio were caught at Parkersburg, and after a hearing at Wellsville were bound to court.

EAST END PROTECTION

The New Fire Station Almost Completed.

TWO HORSES ARE NEEDED

Provided the Wagon Is Purchased—The New Department Will Not All Be Expense Since the Team Can Be Used In Summer For Street Cleaning.

The East End fire station will soon be completed, and then the fitting up of the department will occupy the attention of council.

The wagon has already been ordered here on approval, and the fire committee will recommend that two horses be purchased for the department, as they will be needed in the winter to haul the wagon over the roads in case of fire. In the summer one of the animals can be used by the East End street department to do their hauling instead of employing a teamster to do the work. It is argued that in one season the horse would almost pay for itself in the amount of money saved to the street department. Another argument in favor of the plan is that one horse is not enough to haul the heavy wagon in the winter.

The selection of a man to have charge of the station is another matter that will be carefully considered. The party will be taken from the central fire station and will be subject to the orders of Chief Morley, to whom the selection will probably be left. The new man will also act as a policeman for East End, and will be one that has had some experience in that line. The place will pay $2 per day and several members at the central department are after it.

It is probable the matter will be discussed at the next meeting of council and finally settled, as the station will be entirely completed within the next three weeks, and it is the intention to have it running just as soon as possible thereafter.

DARKEST RUSSIA.

A Good Play by a Good Company Coming to the Grand.

If such a thing is possible, the romantic drama, "Darkest Russia," which will appear at Grand Opera House, Monday, October 3, is gaining in popularity and its coming is awaited with more feelings of expectancy than at any time during the years of its success as an attraction for the the theater going public of America. If its future is to be judged by the past and the interest in its coming to the various places continues, as there is every reason to suppose that it will, it is destined to be with us for many seasons to come.

There is much to commend in the performance of "Darkest Russia." It presents in pleasing variety many scenes that so closely bind the humorous, the pathetic and the thrilling together, that the transition from one to the other is hardly noticed, and the interest in the production as a whole is never allowed to lag and grow tiresome.

More About Mercer.

Winnie Mercer yesterday played middle field for the Washington team against New York, and out of four times at bat made three runs and three hits. He also had one putout and three stolen bases. A morning paper says:

"Manager Irwin regards Winnie Mercer as a valuable outfielder and refused to entertain an offer made for Mercer by Buck Ewing. If Ewing purchased Mercer he would use Winnie in the middle of the diamond, though Irwin insists that Mercer would prove of more value as an outfielder."

SEASON OF HARD WORK

Water Works Officials Have Their Hands Full.

LOWERING MAINS IN THE CITY

It Has Been the Most Expensive Season For a Long Time, and It Is Not Yet Ended—Where the Work Has Been Done. Much Money Has Been Spent.

Superintendent Morley, Clerk Gipner and the water works trustees are looking about to see what improvements they have made this year, and find that already they have spent a considerable amount of money because the plans laid out by council demanded the lowering of pipes in several parts of the city.

The force employed by Superintendent Morley has been very busy, among the important work accomplished being the laying of a long main to the plant of the Potter's Mining and Milling company. The extension was unusually long and cost a lot of money, but it adds greatly to the protection against fire at the plant.

The grading of Pennsylvania avenue through a long distance compelled the relaying of mains, while the same work on Avondale street has been even more expensive. The work there is not yet completed. Rock was encountered, and a considerable amount of blasting was done.

So much grading has been done on Lisbon road that the department had a big job there lowering pipes, while the work on Thompson hill in the new addition required no little time and expense. In Bradshaw avenue the construction of a sewer made it necessary to sink the water pipes deeper, and it was deemed advisable to enlarge the main from 10 inch to 20 inch, and new pipe costs money. The main was relaid in the alley between Third and Fourth streets, because the old pipe was not large enough to supply the growing demand. Many houses have recently been built in that section.

When all expenses are summed up the officers find they have had a most expensive year.

A QUESTION FOR THE MAYOR.

'Inquisitor" Wants to Know Something of a Business.

EDITOR NEWS REVIEW—With your permission I should like to ask the mayor of our city if it is true that a bucket shop is being conducted here. I have had an attorney look up the law for me and part of section 6,934 a-1 reads in part: "It shall be unlawful for any person or partnership to keep or cause to be kept within this state any bucket shop, office or other place wherein is conducted or permitted the pretended buying or selling of stocks, grain, and etc., either on margins or otherwise, without any intention of receiving and paying for the property so bought, or of delivering the property so sold. Penalty, a fine from $200 to $500."

Sec. 6,934 a-2 says the offense shall be complete in "thus pretending or offering to sell, or thus pretending or offering to buy, whether the offer is accepted or not."

Sec. 6,934 a-5 also says whoever knowingly permits any of the illegal acts aforesaid in his building, house, and etc., shall be fined from $500 to $1,000.

If there is an institution of this kind with us, would it not be a good idea to apply the law? It would only be justice to the offenders and a good warning to others.

PROHIBITION IN CANADA.

Indications That the Proposition Probably Was Adopted In the Election.

QUEBEC, Sept. 30.—Reports from all parts of the Dominion indicate that the vote yesterday for and against prohibition was larger than was expected. The weather in all the provinces has been most favorable.

The indications last night were that prohibition has been carried by a large majority, but probably not more than one-half the registered vote of the Dominion has been cast.

TOWNS IN DANGER.

Forest Fires Threatened Several Places In Wisconsin.

CUMBERLAND, Wis., Sept. 30.—Forest fires were raging on three sides of the city yesterday and there was a heavy southwest wind. The surrounding lakes will probably save the city.

Turkish Governor Left Crete—Ultimatum of the Powers In Sultan's Hands.

CANDIA, Island of Crete, Sept. 30.—Edhem Pasha, the Turkish governor, who is chiefly blamed for the recent rioting here, has been deprived of the governorship and started for Smyrna yesterday.

The delays and subterfuges in complying with the orders of Admiral Noel, the British commander in these waters, increase. The Turkish authorities have ceased surrendering arms and are pretending that the disarmament has been completed. The British officers propose to search suspected houses.

They have discovered that many of the men surrendered to Admiral Noel as ringleaders of the rioting are innocent, while the guilty are still at liberty.

The President In Demand.

WASHINGTON, Sept. 30.—Many cities wish to be included in the itinerary of the president's trip west. He will reach Omaha Oct. 11. The Omaha authorities look for him to remain over Oct. 13, and it is likely he will be in St. Louis the night of Oct. 14. It is also probable he will reach Chicago before the 16th. The disposition of the balance of the fortnight, however, has not been definitely settled.

Forest fires are raging in the vicinity of Chippewa Falls, Wis.

General Shafter was indisposed at Camp Wikoff, having had chills.

In the courtmartial of Chaplain McIntyre of the Oregon, State Senator Schermerhorn denied that the chaplain made the statements regarding Sampson and Evans in the damaging way attributed to him.

At a fire in an apartment house, 201 West Erie street, Chicago, a number of persons, including women and children, slid down a clothesline and escaped. Seventeen people were rescued by firemen. Thomas Benson, who jumped, may die. Four others were injured.

UNION LABELS.

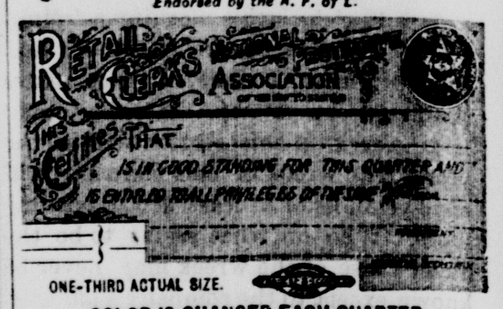

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

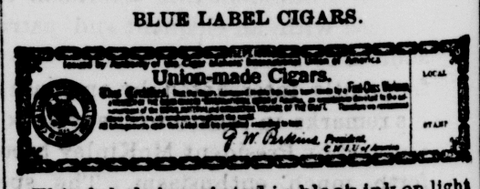

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

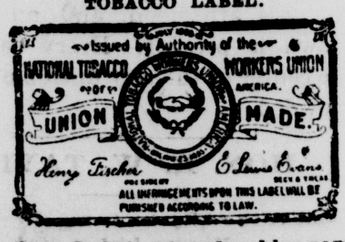

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

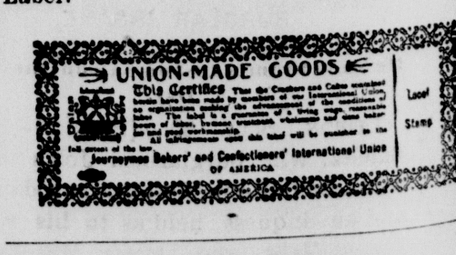

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

SEASON OF HARD WORK

Water Works Officials Have Their Hands Full.

LOWERING MAINS IN THE CITY

It Has Been the Most Expensive Season For a Long Time, and It Is Not Yet Ended—Where the Work Has Been Done. Much Money Has Been Spent.

Superintendent Morley, Clerk Gipner and the water works trustees are looking about to see what improvements they have made this year, and find that already they have spent a considerable amount of money because the plans laid out by council demanded the lowering of pipes in several parts of the city.

The force employed by Superintendent Morley has been very busy, among the important work accomplished being the laying of a long main to the plant of the Potter's Mining and Milling company. The extension was unusually long and cost a lot of money, but it adds greatly to the protection against fire at the plant.

The grading of Pennsylvania avenue through a long distance compelled the relaying of mains, while the same work on Avondale street has been even more expensive. The work there is not yet completed. Rock was encountered, and a considerable amount of blasting was done.

So much grading has been done on Lisbon road that the department had a big job there lowering pipes, while the work on Thompson hill in the new addition required no little time and expense. In Bradshaw avenue the construction of a sewer made it necessary to sink the water pipes deeper, and it was deemed advisable to enlarge the main from 10 inch to 20 inch, and new pipe costs money. The main was relaid in the alley between Third and Fourth streets, because the old pipe was not large enough to supply the growing demand. Many houses have recently been built in that section.

When all expenses are summed up the officers find they have had a most expensive year.

A QUESTION FOR THE MAYOR.

"Inquisitor" Wants to Know Something of a Business.

EDITOR NEWS REVIEW—With your permission I should like to ask the mayor of our city if it is true that a bucket shop is being conducted here. I have had an attorney look up the law for me and part of section 6,934 a-1 reads in part: "It shall be unlawful for any person or partnership to keep or cause to be kept within this state any bucket shop, office or other place wherein is conducted or permitted the pretended buying or selling of stocks, grain, and etc., either on margins or otherwise, without any intention of receiving and paying for the property so bought, or of delivering the property so sold. Penalty, a fine from $200 to $500."

Sec. 6,934 a-2 says the offense shall be complete in "thus pretending or offering to sell, or thus pretending or offering to buy, whether the offer is accepted or not."

Sec. 6,934 a-5 also says whoever knowingly permits any of the illegal acts aforesaid in his building, house, and etc., shall be fined from $500 to $1,000.

If there is an institution of this kind with us, would it not be a good idea to apply the law? It would only be justice to the offenders and a good warning to others.

QUEBEC, Sept. 30.—Reports from all parts of the Dominion indicate that the vote yesterday for and against prohibition was larger than was expected. The weather in all the provinces has been most favorable.

EDHAM PASHA RETIRED.

Turkish Governor Left Crete—Ultimatum of the Powers In Sultan's Hands.

CANDIA, Island of Crete, Sept. 30.—Edhem Pasha, the Turkish governor, who is chiefly blamed for the recent rioting here, has been deprived of the governorship and started for Smyrna yesterday.

The delays and subterfuges in complying with the orders of Admiral Noel, the British commander in these waters, increase. The Turkish authorities have ceased surrendering arms and are pretending that the disarmament has been completed. The British officers propose to search suspected houses.

They have discovered that many of the men surrendered to Admiral Noel as ringleaders of the rioting are innocent, while the guilty are still at liberty.

WASHINGTON, Sept. 30.—Many cities wish to be included in the itinerary of the president's trip west. He will reach Omaha Oct. 11. The Omaha authorities look for him to remain over Oct. 13, and it is likely he will be in St. Louis the night of Oct. 14. It is also probable he will reach Chicago before the 16th. The disposition of the balance of the fortnight, however, has not been definitely settled.

UNION LABELS.

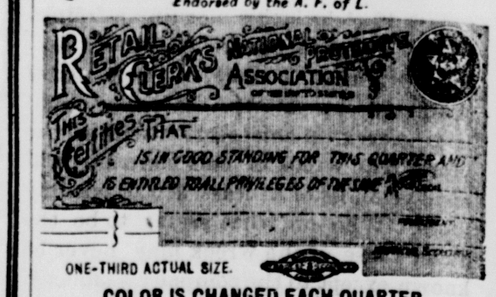

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

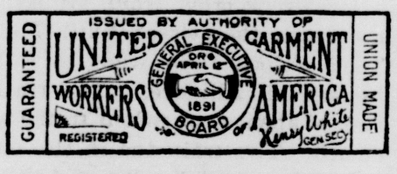

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

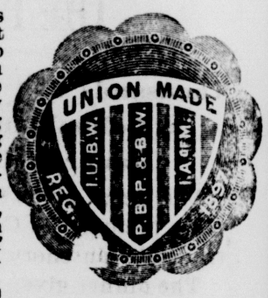

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

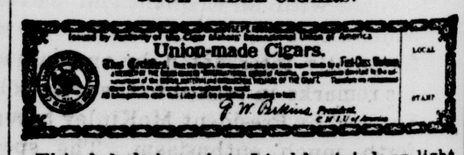

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

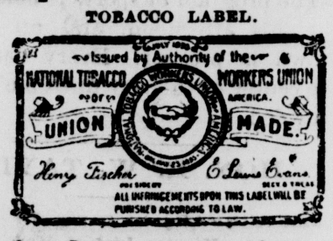

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

TO THE ADVERTISERS.

The Evening News Review has the largest bonafide PAID daily circulation of any paper published in East Liverpool, and the largest circulation in Wellsville of any daily paper published in East Liverpool. Keen witted and wide awake business men and advertisers will make note of these facts.

HARRY PALMER,
Owner and Manager.

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

ONLY A FEW ARRESTS

Mayor Bough Had Little to Do This Morning.

SETTLED SOME OLD CASES

Jim Sharp Was Released at the Request of His Mother, and Not One Cent Was Assessed Against Him—Wellsville Man Fined.

Mayor Bough had very little business to transact this morning, and only three small cases were disposed of.

Harry Jones, one of the men put in jail yesterday afternoon and who gave his residence as being in Wellsville, was assessed $6.60 for being drunk. He was not able to put up the required amount and as a result is still lingering.

Frank Lewis, employed at the Dresden pottery who was put in yesterday on a similar charge, that of being drunk, was fined $7.50. He was in a better position to pay than was Jones, so he was released.

James Sharp, he who has been in many times during the past few years, was released this morning, without money and without price. His mother still has a spark of love in her heart for James, so she called on the mayor, which had the desired effect. Jim did not know that a plea had been made in his behalf, and when he was brought into the office he thought the next train might take him away. He also made an eloquent plea in his behalf, and the mayor released him, but not before he told him that if he came back again he would think a bolt of lightning had struck him. He made many promises and went away a happy man.

No new cases were brought in last night, but it is thought at city hall that several will be brought in today.

Australian Oysters.

The Australian mollusk is of two kinds—the mud oyster and the rock oyster. The former grows to a larger size, but the rock oyster is more generally esteemed for flavor. Their names indicate their place of growth. The rock oysters love the beds and adjoining rocks of tidal streams. They grow in clusters, in a variety of shapes and sizes, and each cluster is attached to something solid. Here they are alternately bathed in salt water and in fresh or brackish. They are also left for hours high and dry until the incoming tide refreshes them. Nor do these oysters always select rocks on which to dwell. These accommodating mollusks may frequently be found adhering to the roots and lower branches of the mangrove and other trees which delight in a sort of submarine residence. It is doubtless to this peculiarity that the sailor referred when he wrote to his mother at home, telling the old lady, and not untruly, that in Australia oysters grow on trees.—Chambers' Journal.

Cheap Trips.

Persons contemplating business or pleasure trips to the northwest, west or southwest may arrange for an enjoyable journey at low fare by communicating with J. K. Dillon, district pasenger agent of the Pennsylvania lines, No. 360 Fifth avenue, Pittsburg. He represents the short lines to Chicago, St. Louis, Louisville and Cincinnati, the gateways to the northwest, west and southwest. Daily through train service from Pittsburg, and from western Pennsylvania and eastern Ohio points. The Pennsylvania is the only system of railways having a double route between Pittsburg and Chicago. Tell Mr. Dillon where you wish to go, and he will cheerfully furnish full information about special low rates and quick through time. *

A Fighting Diet.

In some remarks on vegetables as a fighting diet G. B. Shaw says: "Ninety-nine per cent of the world's fighting has been done on farinaceous food. * * * Compare the Tipperary peasant of the potato and buttermilk days with the modern gentleman who gorges himself with murdered cow. The Tipperary man never read bloody minded novels or cheered patriotic music hall tableaux, but he fought recklessly and wantonly. Your carnivorous gentleman is afraid of everything, including doctors, dogs, disease, death and truth telling."

H. COHEN,
East Liverpool and Salem, Ohio.

Charged $5 For "Sass."

A story is told of Fanny Kemble, whose favorite summer resort was Lenox, that on her first season there she employed a self respecting villager, who had a comfortable turnout, to drive her about. He, feeling it to be his duty to make the drive as entertaining as possible, began to call her attention to the beauty of the scenery—which she wished to enjoy undisturbed—and to tell her who lived in certain houses as they passed along, until finally Mrs. Kemble, being unable to stand it any longer, said in the high tragedy manner somewhat peculiar to her, "I have engaged you to drive for me, sir, and not to talk."

The driver ceased talking, pursed up his lips, and in all their subsequent drives his only remarks were such as he found necessary to address to his horses. At the end of the season he handed in his bill for the summer services. Running her eye down its awkward columns, she paused at an item that she didn't understand. "What is this, sir? I cannot comprehend it."

With equal gravity he replied, "Sass, $5, I don't often take it, but when I do I charge."

She paid the bill without comment and continued to enploy the same driver during many summers she spent there. —Boston Record.

The Gamblers' Capper.

"Many of the phases of life in the Tenderloin are kaleidoscopic in their changes," said a hotel detective, "but there is one little group of men in this precinct that is much the same now that it was a dozen years ago. I mean the outside men of the gambling house They are well known to all sportin men, and I could name four or five wh have done little else all their lives. is their business to know the regula patrons of faro banks, and if the man who employs them has been forced to close up his old place and open a new one it is their duty to circulate the tip.

"A good outside man spends his time around hotels and in all night restaurants and picks up acquaintances wherever he can. After working up to the subject of gambling he invites his new friend to go around to a little place that is run honestly and safely. One of the best dressed loungers on Broadway, whose face has long been familiar to paraders on that street, is a puller in for a gambling house. He was a barkeeper a few years ago and there made a lot of acquaintances who are his stock in trade. He spends money as freely as a wine agent, and I have no doubt that he brings many thousands of dollars to the man who runs the gambling house." —New York Sun.

Corrupting an Echo.

At Killarney every visitor hears some laughable stories. Here is one—new and fresh, I think—which I picked up during my last visit to the glorious lakes: A number of boatmen who were quarreling about the division of "tips" indulged at the top of their voices in a good deal of profane language, which the marvelous echo repeated verbatim.

"Arrah, look at that, now, for a scandal," said one of the party who was of a pious turn. "T'achin the poor harmless echo to curse and sware."—Spectator.

ONLY A FEW ARRESTS

Mayor Bough Had Little to Do This Morning.

SETTLED SOME OLD CASES

Jim Sharp Was Released at the Request of His Mother, and Not One Cent Was Assessed Against Him—Wellsville Man Fined.

Mayor Bough had very little business to transact this morning, and only three small cases were disposed of.

Harry Jones, one of the men put in jail yesterday afternoon and who gave his residence as being in Wellsville, was assessed $6.60 for being drunk. He was not able to put up the required amount and as a result is still lingering.

Frank Lewis, employed at the Dresden pottery who was put in yesterday on a similar charge, that of being drunk, was fined $7.50. He was in a better position to pay than was Jones, so he was released.

James Sharp, he who has been in many times during the past few years, was released this morning, without money and without price. His mother still has a spark of love in her heart for James, so she called on the mayor, which had the desired effect. Jim did not know that a plea had been made in his behalf, and when he was brought into the office he thought the next train might take him away. He also made an eloquent plea in his behalf, and the mayor released him, but not before he told him that if he came back again he would think a bolt of lightning had struck him. He made many promises and went away a happy man.

No new cases were brought in last night, but it is thought at city hall that several will be brought in today.

Australian Oysters.

The Australian mollusk is of two kinds—the mud oyster and the rock oyster. The former grows to a larger size, but the rock oyster is more generally esteemed for flavor. Their names indicate their place of growth. The rock oysters love the beds and adjoining rocks of tidal streams. They grow in clusters, in a variety of shapes and sizes, and each cluster is attached to something solid. Here they are alternately bathed in salt water and in fresh or brackish. They are also left for hours high and dry until the incoming tide refreshes them. Nor do these oysters always select rocks on which to dwell. These accommodating mollusks may frequently be found adhering to the roots and lower branches of the mangrove and other trees which delight in a sort of submarine residence. It is doubtless to this peculiarity that the sailor referred when he wrote to his mother at home, telling the old lady, and not untruly, that in Australia oysters grow on trees.—Chambers' Journal.

Charged $5 For "Sass."

A story is told of Fanny Kemble, whose favorite summer resort was Lenox, that on her first season there she employed a self respecting villager, who had a comfortable turnout, to drive her about. He, feeling it to be his duty to make the drive as entertaining as possible, began to call her attention to the beauty of the scenery—which she wished to enjoy undisturbed—and to tell her who lived in certain houses as they passed along, until finally Mrs. Kemble, being unable to stand it any longer, said in the high tragedy manner somewhat peculiar to her, "I have engaged you to drive for me, sir, and not to talk."

The driver ceased talking, pursed up his lips, and in all their subseqnent drives his only remarks were such as he found necessary to address to his horses. At the end of the season he handed in his bill for the summer services. Running her eye down its awkward columns, she paused at an item that she didn't understand. "What is this, sir? I cannot comprehend it."

With equal gravity he replied, "Sass, $5. I don't often take it, but when I do I charge."

She paid the bill without comment and continued to enploy the same driver during many summers she spent there. —Boston Record.

EVENING NEWS REVIEW.

14TH YEAR. NO. 96. EAST LIVERPOOL, O., FRIDAY, SEPT. 30, 1898. TWO CENTS

CALLED OUT TROOPS.

Gov. Tanner Ordered Them to Pana, Ills.

MUST NOT AID THE OPERATORS.

Told Captain Craig to Protect Lives and Property of Citizens, but Not to Help Mine Owners In Their Attempt to Use Foreign Labor.

SPRINGFIELD, Ills., Sept. 30.—Governor Tanner was called up by telephone yesterday afternoon by Sheriff Colburn of Pana. who requested troops, which Governor Tanner agreed to send.

Captain Craig of Battery B of Galesburg was ordered to go with his men to Pana at once and Colonel John B. Hamilton of Elgin was also ordered to report with two of the best equipped companies of Sons of Veterans for riot duty.

Governor Tanner ordered Captain Craig to camp within the city limits and to protect the life and property of the citizens, but under no circumstances should they aid the operators or mine owners in the operating of the mines with foreign labor, to which the governor is very much opposed.

THE QUEEN DEAD.

Wife of the Ruler of Denmark Passed Away.

COPENHAGEN, Sept. 30.—The end of the queen of Denmark, who died early yesterday morning, was peacefal. At her bedside were the king of Denmark, the dowager empress of Russia, the king and queen of Greece, the Princess of Wales, the Duke and Duchess of Cumberland, the crown prince and crown princess of Denmark and all the other members of the royal family.

Last evening court chaplain conducted a brief mourning service in the room in which the body of the dead queen lay. All the members of the royal family were present.

ALGER'S PROJECT.

Proposes to Amalgamate Division and Regimental Hospitals.

WASHINGTON, Sept. 30.—After a thorough examination of the relative merits and demerits of the two plans, Secretary Alger has framed a project, which he has now under consideration for the amalgamation of the regiment and division hospitals in such manner as to retain the most desirable features of both.

THE WAR INVESTIGATION.

Members Examined and Classified Complaints Made to the President.

WASHINGTON, Sept. 30.—The war investigating committee confined itself at its forenoon session yesterday to the examination and classification of complaints which have been made to the president. They come generally in the form of letters and are for the most part from relatives of enlisted men. They relate especially to the food served to soldiers and to hospital accommodations.

The latter said there was no justification for the charge that the site of Camp Thomas was not desirable. The doctor said that the hospital facilities were limited at first, but these had been increased until they were adequate to meet the demands upon them.

The committee expects to begin to take testimony next week. General Wheeler is expected to be among the first witnesses called.

MOVE TOWARD OCCUPATION.

Fourth United States Volunteer Infantry Ordered to Manzanillo.

WASHINGTON, Sept. 30.—An order for the occupation of Cuba was issued yesterday. The Fourth United States volunteer infantry is detached from the Seventh army corps and is to be placed in readiness for immediate service in Cuba and proceed to Manzanillo.

Maryland Officer Dead.

ATLANTA, Sept. 30.—The body of Lieutenant Colonel William Robinson of the Fifth Maryland infantry, who died of typhoid fever in a sanitarian here, was taken to Baltimore yesterday.

GRATEFUL SOLDIERS.

Stephen Barton Wrote of the Gratitude For Red Cross Supplies, In Porto Rico.

NEW YORK, Sept. 30.—Stephen E. Barton, chairman of the Red Cross executive committee, has received a letter dated Sept. 16, from Mr. Barnes, the Red Cross representative in Ponce, Porto Rico. He said in part: "Two days ago I went through the wards of the great army hospital at Ponce. To see the hundreds of wan soldiers eagerly taking the nutritious soups and delicacies furnished by the Red Cross, to hear the boys say 'God bless the Red Cross, we would die without it,' would have brought tears to the eyes of the generous benefactors whose bounty has been so prompt and unstinted toward the defenders of the flag."

He says the ordering of the serving of ice and milk came as a great blessing.

He further said in part: "The truth is that only by these timely restoratives can the Porto Rican army ever be restored to America again, for about one-fourth are in hospitals or sick quarters very largely from typhoid fever and more than half of the remainder are totally unfit for duty."

For a month to come, he said, the rainy season would increase the danger.

WANTED PAY FOR NURSING SICK SOLDIERS

Bushnell Said to Have Gotten Bills From Lebanon (Pa.) Hospital—Hastings Don't Believe It.

CAMP MEADE, MIDDLETOWN, Pa., Sept. 30.—Surgeon General Sternberg has instructed Chief Surgeon Girard to send no more patients to city hospitals from Camp Meade. The conduct of the trustees of the Good Samaritan hospital of Lebanon is largely responsible for the surgeon general's action. After tendering the good offices of the hospital staff and the facilities of the institution to the medical department of the Second corps, the trustees wrote to Governors Pingree and Bushnell demanding pay for treating soldiers from Michigan and Ohio.

These communications were forwarded to the war department and from there to Colonel Girard. He at once notified the trustees that they would be allowed 60 cents a day for each soldier patient and that no more patients would be sent to that hospital, or to any other civil hospital.

The health conditions at Camp Meade are such that Colonel Girard thinks it will not be necessary to relieve the hospitals by sending sick soldiers to institutions away from Camp.

The Red Cross society is doing splendid work and if necessary the society will fit up a hospital in Philadelphia for the care of sick soldiers that may be sent from Camp Meade.

Forty patients were sent to Lebanon hospital after repeated offers from the president and trustees of that institution.

Governor Hastings said last night that he not believe any hospital in Pennsylvania would send a bill to the governor of a state for nursing a sick soldier away from home. "To resort to such a thing," he added, "would be unworthy of any hospital in the state, unworthy of the patriotic sentiment of the people and a reproach upon the fair name of our commonwealth."

Charles Robinson of Philadelphia, an orderly at the Red Cross hospital, was stricken with typhoid fever Wednesday night. He was removed yesterday to a Philadelphia hospital.

There were several critical cases of typhoid, but the surgeons seem to have obtained the upper hand in the treatment of the disease.

Two deaths Wednesday night—Private Archie McFarland, Company K, First Maryland, died at the Red Cross hospital from typhoid fever, and his body will be taken to his late home in Mt. Savage, Md., by his father; Private Archie Tomlin, Company A, Fourth Missouri, died at the Lebanon hospital yesterday morning from the same disease.

STARVING AT MATANZAS.

Distress, Disease, Death and Hunger Continued Unabated.

HAVANA, Sept. 30.—The distress, disease, death, hunger and starvation at Matanzas continue unabated. The daily average of deaths upon the street corners exceeds 20, and the condition of the poor in Havana is not much better than in Matanzas.

Mothers, gaunt and famished, hugging the shadows of skeleton children to their breasts, beg food and fall by the wayside, but the government refuses to admit the gravity of the situation and has closed the soup kitchens, proclaiming to the world that want and destitution no longer exist here.

A meeting was held at the Lyceum in Matanzas Wednesday night for the purpose of arranging for a systematic distribution of the supplies brought from the United States by Red Cross steamer Comal.

The Ultimatum Presented.

PARIS, Sept. 30.—It is reliably reported that the ultimatum of the powers to Turkey regarding the island of Crete was presented to the sultan yesterday.

Robbed of $2,215.

ERIE, Pa., Sept. 30.—While S. B. Proper, a carriage and harness manufacturer of Diamond, Pa., was on his way to the Lake Shore depot early yesterday morning, with the intention of taking a train to Cleveland, he was stopped by two strangers at a lonely spot under a railroad bridge, where one of them knocked him unconscious with a club, and then both robbed him of $2,215. When Mr. Proper recovered consciousness he found his way the best he could to the Wilson House. The strange men boarded an early Lake Shore train, getting in between the mail and baggage cars.

THEIR INDEPENDENCE.

Some Filipinos Declare It at Malalos.

AGUINALDO MADE AN ADDRESS.

A Review of the Troops Occurred and Speeches and Recitations Were Delivered—No American Officials Present at the State Ball.

MANILA, Sept. 30.—The declaration of independence was ratified at Malolos yesterday amid great festivities. A review of the troops was held, speeches were delivered and recitations. The feature of the ceremonies was the address of Aguinaldo. Many foreigners attended the state ball, which was given last evening, but no American officials were present.

COMMISSIONS MET.

Peace Negotiators Entertained at Breakfast by Foreign Minister Del Casse, In Paris.

PARIS, Sept. 30.—The breakfast at which the two peace commissions met for the first time yesterday was a purely informal affair, given by M. Delcasse, in his private apartments at the foreign office. The minister met and greeted each American in turn and then presented them to the premier, M. Brisson. Simultaneously Senor Castillo stepped forward to greet General Porter, whereupon the two groups moved together and introductions to each other were effected by Delcasse.

The breakfast, or luncheon, as it may be termed in the United States, occupied about 80 minutes.

Coffee and cigars were served in an adjoining apartment and after half an hour's further chatting the party broke up, both commissions leaving simultaneously with courteous adieux.

The Americans regard the function as having been a happy means of making the two sets of commissioners acquainted with each other.

ONE DEATH REPORTED.

Forty Men Transferred From Wikoff to New York Institutions.

NEW YORK, Sept. 30.—Forty sick men were transferred from Camp Wikoff in a hospital train yesterday and will be distributed among New York institutions.

There were 159 patients in the general hospital yesterday. There were still three men in the detention hospital.

There was only one death in camp yesterday, Charles Rose, of Company M, Second infantry, expiring from typhoid fever.

CONFERRED WITH ANGONCILLO.

Senator Chandler Later Told What the Delegates Want.

WASHINGTON, Sept. 30. — Senator Chandler of New Hampshire, who is taking a personal interest in the Philippine question, and General Greene, who accompanied Angoncillo on his trip here, had a long conference with him yesterday.

He said the Philippine delegates wanted the Paris treaty to end Spanish domination in the Philippines, the United States to allow them to try and govern themselves under American protection; if inexpedient the United States to assume the direction and control of affairs by annexation or some other method.

REV. DR. ZIMMERMAN'S WISH.

Wants to Be U. S. Consul, at Santiago. Proposes to Preach on Sunday.

SANTIAGO, Sept. 30.—Arrangements have been completed for the formation of a force of Cuban mounted police for the province of Santiago.

Rev. Dr. Zimmerman, a Lutheran preacher, is an applicant for the position of United States consul at Santiago. He also proposes to preach on Sundays.

VAN WYCK NAMED.

Brother of the Mayor Nominated For Governor by the New York Democrats.

SYRACUSE, Sept. 30.—The Democratic convention of New York state at its convention yesterday named this ticket:

Governor—Augustus Van Wyck of Kings.

Lieutenant governor—Elliott Danforth of Chenango.

Secretary of state—George W. Batten of Niagara.

Controller—Edward S. Atwater of Duchess.

State treasurer—E. P. Morris of Wayne.

Attorney general—Thomas F. Conway of Clinton.

State engineer and surveyor—Martin Schenck of Rennssalaer.

Contrary to all expectations the convention was very harmonious, the only contest being for the nomination for governor and only one ballot being taken on that.

Van Wyck is a brother of the mayor of New York.

The platform said among other things: "If the affidavits and official statements of the Republican candidate for governor are true he is ineligible to the office of governor; if false, he has committed perjury and is morally disqualified. He cannot escape from his dilema—there is either legal disqualification or moral unfitness."

Delegate Pierce of Monroe attempted to speak on the silver question, but was ruled out, but a mention of the name of William Jennings Bryan by Thomas Carmody produced the greatest demonstration witnessed in the convention.

The vote for governor was: Van Wyck, 350; Stanchfield, 38; McGuire, 31; Titus, 41, and, on motion, the nomination was made unanimous.

ANOTHER TICKET.

New York Silver Men to Meet Tonight to Put One In the Field.

SYRACUSE, Sept. 30.—The Chicago platform Democrats, who, in conference Wednesday night adopted resolutions empowering and instructing the committee on organization, composed of one member from each senate district in the state, to place in nomination a full ticket by petition should the convention fail to affirm the Chicago platform, had another meeting yesterday.

The committee on organization will meet at the Union Square hotel, New York city, tonight, and select a candidate for each place upon the state ticket.

ROBBERS DRIVEN OFF.

Trainmen Put a Gang of Bandits to Flight, In Colorado.

DENVER, Sept. 30.—There was an attempted robbery of the Denver and Rio Grande western express train near Husted, Colo., Wednesday night by four or five masked men. Engineer Henry S. Hinman, Fireman Frank H. Bennett, Conductor O. R. Croft, Train Porter Harry Hart and the brakeman are the men who put the robbers to flight. About 30 shots were fired. Express Messenger F. E. Sherwood, formerly a cowboy, stuck to his post while dynamite was being exploded underneath and on top of the car and fired on the robbers.

HAWKINS IS PROMOTED.

He Will Retire and Kent Is Then to Be Advanced.

WASHINGTON, Sept. 30.—Major General Hamilton S. Hawkins, United States volunteers, who commanded the division which captured San Juan hill in the second day's fight at Santiago, has been appointed a brigadier general in the regular army to fill the vacancy caused by the retirement of General William M. Graham.

He will be placed on the retired list on his own application under the 30 years' service clause, and this will enable the president to advance similarly Major General J. F. Kent, U. S. V., colonel of the Twenty-fourth infantry. General Kent commanded a wing of General Shafter's army at Caney. General Kent is a native of Pennsylvania.

WORE EUROPEAN CLOTHES.

This Said to Have Helped the Downfall of the Chinese Emperor.

PEKIN, Sept. 27, via Shanghai, Sept. 30.—The developments of palace affairs confirm the belief that the emperor, by the radical reforms which he had decreed, prepared himself for the blow struck by the dowager empress. The emperor's chief adviser, Kang Yuwei, obtained unbounded influence over him and inspired the reforms.

The current story is that the immediate cause of the emperor's downfall was that he appeared one day in European clothes. This offense, it appears, was aggravated by the arrival in China of the Marquis Ito, the Japanese statesman, who alarmed the palace officials as foreshadowing Japanese dominion in the empire's councils. Thereupon the dowager empress deposed her nephew.

Kang Yuwei, foreseeing trouble, fled two days before the crisis. His followers were arrested today.

The announcement of the emperor's death is expected soon, and the dowager empress is likely to appoint a figurehead as his successor, retaining the real power herself.

Centennial of Founding of Gnadenhutten Celebrated.

APPROPRIATE EXERCISES HELD.

Historical Procession—Memorial Stone Unveiled — Short Addresses Made In the Church—Cantata Given—White Missionaries Did First Work In Town Site.

GNADENHUTTEN, O., Sept. 30.—The centennial of the founding of this village was duly celebrated yesterday by one of the largest assemblages ever congregated in Tuscarawas county. The program opened this morning with a historical procession, which proceeded to the site of the first house built by John Heckwelder, where the committee had erected a facsimile of the old hut occupied by Heckwelder.

A memorial stone was unveiled, and Joseph Rice, a great great grandson of Missionary John Heckwelder, made an address. The line of march then led to the cemetery, where impressive ceremonies were held on the site of the mission house, where on March 8, 1782, 90 Christian Indians were massacred. About 10:30 o'clock historical services were held in the Moravian church, where Rev. Rice made an address on the life of Heckwelder. Bishop J. H. Van Vleck, the retired Moravian churchman of Gnadenhutten, also spoke.

At the afternoon exercises in the church short addresses were made by representatives of the Ohio Archaeological and Historical society of Columbus, and Prof. Charles Haupert of Wooster university. The day's program closed with a cantata at the church in the evening entitled "David the Shepherd Boy."

War Tax Held to Be Unjust.

AKRON, Sept. 30.—At yesterday's session of the Ohio Bankers' association resolutions were adopted declaring adherence to the doctrine of the gold standard, denouncing the war tax imposed on banks as unjust, commending the soldiers and sailors of the late war, endorsing heartily the management of the treasury department under Secretary Gage and favoring a judicious reform of the currency. The next convention will be held in Columbus.

FORTY BUSINESS MEN

Will Come Here From Cleveland

NEXT TUESDAY AFTERNOON

They Are Wholesale Merchants Looking After Their Trade—They Will Remain an Hour In Town, After Spending the Same Time In Wellsville.

The sixth trade extension excursion of the wholesale merchants' board of the chamber of commerce committee of Cleveland will take place from Oct. 4 to 7. An itinenry to include 41 towns has been prepared.

The train, composed of three palace sleeping cars, with other necessary coaches attached, will, on leaving Cleveland, start in a southeasterly direction over the Pennsylvania lines to Beaver, Pa., keeping in Ohio most of the time. Returning it will traverse Ohio due west as far as Lima. From Lima the excursionists will return home.

Stops of from ten minutes to two hours will be made at each of the 41 towns and cities included. The wholesale merchants will leave the train and visit the merchants in their respective lines. It will readily be seen that the excursion is no junketing tour, but a strictly business journey.

Upon reaching Yellow Creek the train will be shifted to the river division and hastened through to Steubenville. From there it will come to Wellsville where the stop is one hour. Leaving there the run will be quickly made to this city, where another hour will be spent. The train then goes to Rochester, and thence over the Fort Wayne through the northern part of the county. Harry Garfield, president of the chamber of commerce, will accompany the 40 business men who will make the trip.

A PRONOUNCED SUCCESS

Was the First Presbyterian Social Last Evening.

Among the most pleasant events of the year was the social held at the First Presbyterian church last evening. The attendance was very large, and the time was delightfully spent. The congregation were entertained by the officers and their wives.

The lecture room was beautifully decorated for the occasion, and the curtain between it and the auditorium being drawn a splendid background was provided. Dr. John Lloyd Lee, officers of the church and their wives, and gaily dressed young ladies were everywhere among the crowd, made up of other members of the church, making all feel they were at home. There was a season of handshaking, and all present were provided with refreshments.

The social was without doubt a delightful time for all who attended, and everyone is hoping it will not be the last.

NOT NECESSARY

To Wear a Uniform While Home on Furlough.

The question of whether soldiers are compelled to wear their uniforms while on furlough has been freely discussed since the boys came home. It has also been discussed in other towns, and of it Colonel Day, of the First cavalry, says:

"You can quote me as saying that it isn't in the least necessary that a soldier on furlough should wear a uniform. Some hesitate to cease wear one, and further hesitate to work wearing one. A man on furlough is entitled to wear civilian's clothes, and thus need have no embarrassment in doing any work he pleases while on furlough."

THE ROVERS

WE MANUFACTURE OUR OWN GOODS.

You buy direct from the manufacturer.

You naturally save the retailer's profit.

PAID FOR THEIR RIDE

Two Pittsburg Men Caught on a Freight.

PAID DEARLY FOR THE TRIP

They Were Arrested and Taken Before Squire MacKenzie Who Gave Them an Unusually Salty Dose—All the News of Wellsville.

Two young men, giving their names as Paul Jones and Jack Smith and their residence Pittsburg, were in attendance at the Beaver fair yesterday, and when time to go home they thought it would be a variety to try freight riding. But when they reached Wellsville Officer Moore was on the platform and took charge of them.

This morning they were taken before Squire McKenzie who assessed them $7 each as their fare for the ride from Beaver. They paid the amount and departed.

Old Resident Dead.

James Scott, Mrs. J. C. McCann and her daughter, Miss Ethel McCann, took the morning train in response to a telegram announcing the death of Mrs. McCann's brother, William Scott, of Smithfield.

Mr. Scott was well and favorably known in this vicinity.

Wanted to Talk.

Yesterday the trio of men engaged in the case of horse stealing matter were taken to Lisbon by Officers Thorn and Duncan.

On arriving at the jail Officer Thorn was told that Mrs. Gorley wished to speak with him, but when he presented himself Mrs. Gorley said he was not the man she wanted. She described Officer Duncan, and it is probable she had him in view, but Officer Duncan respectfully declined the honor of discussing old times with Mrs. Gorley as the pleasure was altogether on one side.

RAN INTO A HOUSE.

Two Horses Ran Four Miles and Scared Three Children.

LISBON, Sept. 30.—[Special]—John Huston took two wagon loads of sheep to the Canfield fair, and on the return last night stopped near Franklin Square to feed.

While the horses were eating he walked to the rear wagon when the team hitched to the front wagon ran away. They ran four miles until they reached the residence of Professor Vanfossen at Lisbon. Colliding with the house the neck yoke broke and the tongue went through the weather boarding. It also pentrated the plaster, and badly scared the professor's three children who were in the library. The horses were jammed up against the house where they remained until released. No one was hurt.

TOO MUCH WATER.

West End Parties Are Complaining Bitterly.

There is some complaint because some of the residents of Eighth and Jethro streets have not yet complied with the ordinance, which says that all drain water shall be run under the sidewalks.

A number of them run the water across the pavements in an open gutter, and the streets are continually covered with water.

Under the Law There Are Summer and Winter Hours, and the Former Ends With This Evening—The Law Will Be Enforced as Before.

Beginning with tomorrow evening the curfew will sound at 9 o'clock and all children must be off the streets at that time.

The ordinance which was so long allowed to go unnoticed, provides that no children under the given age shall be allowed on the streets after 9 o'clock in the evening between Oct. 1 and April 1. The ordinance as it has been enforced was on the summer schedule but now the winter plan becomes operative.

All police officers have been instructed as to the change, and are expected to enforce it to the letter.

THE New York Democrats repudiated free silver, and they would have repudiated it whether Bryan was in the army or making speeches every day in New York.

IN the absence of sensations in Cuba, the yellow journals have turned their attention to Porto Rico. If some of the bright, active young soldiers down there could read the stories printed in New York every day, they would doubtless fall ill from very sympathy for the poor fellows so graphically pictured.

ABOUT the time war was declared the state of Ohio patriotically appropriated $1,000,000 for any expense it might incur during the conflict, but it did not need all the money. An accurate account has been kept, and Auditor Guilbert now shows that the glory of Uncle Sam and the acquisition of much territory cost Ohio just $219,287.59 in money. It is not the duty of the auditor to count the cost in tears, and sorrow and broken down men.

THE INTERESTING BATTLE.

If Judge Van Wyck and the men who are behind him possess the required qualifications there will be political warfare of the right kind in New York, an old-fashioned, red-hot campaign attended by all those incidents which go to make contests of that character interesting and attractive.

Colonel Roosevelt will make it so. He is just now the right man for the position, and no one who is interested in his progress need fear for the result. He will not disappoint them since he is not the man who disappoints anyone. Since the beginning of his career he has shown those qualities of independence and personal force, as some one has styled them, that are tended to lift man above his fellows. As a newspaper man he was a success; in New York City politics he made his name heard and had his own way; in the navy department he was a force for good; as colonel of the famous Rough Riders he was a hero who shared his fighting, his rations and his glory with his soldiers. He was an idol by the pure strength of his character. If that man cannot make a humming campaign against Democracy, and catching the Tammany tiger by the tail swing the hungry old thing in mid-air, the NEWS REVIEW will forever refuse to believe in heroes.

PILED UP THE CARS

Heavy Fog Caused a Wreck This Morning

ON THE HILL AT THOMPSON'S

A Regular Freight and an Extra Came Together, and Damage Amounting to Not Less Than $5,000 Was Quickly Done. Blame Not Placed.

At 2:10 o'clock this morning a freight wreck occurred on the Cleveland and Pittsburg road a short distance above the Thompson pottery. It is the second large wreck in this section within the year. The wreck of this morning will envolve a loss of at least $5000, possibly more. Who or what seems to be the direct cause of the wreck may never be known except to the company's officials.

At the time the wreck occurred train 89, third section, in charge of Conductor Swartz and Engineer Denslow was going west. It was on the siding, and the engineer seeing that he could not be stopped on account of the heavy train and grade had the fireman run ahead and open the switch to the main line. This was done for the purpose of giving the train a chance to back on the siding. The train had not passed the point of clearance until extra 623 going east in charge of Conductor McMahon and Engineer Sterling entered the siding and crashed into the westbound train. As the eastbound train was hauled by a class H 4 engine, it had no trouble in doing considerable damage to the class N engine on the westbound train. The cow catchers of both engines were completely demolished. Three cars loaded with iron ore, brick and sewer pipe were completely demolished on the eastbound train and were overturned, and two cars loaded with coal on the westbound train were also destroyed. Two other cars laden with coal were slightly damaged.

The wreck crew from Wellsville did not reach the wreck until 7 o'clock. The 5 o'clock train went to Pittsburg by way of Alliance. The track was cleared about noon when traffic was resumed. The train due in this city at 8 o'clock lay at Wellsville, and the one at 8:20 lay at Smith's Ferry. It is estimated that almost 3,000 people viewed the wreck.

THE PICNIC.

Thousands of People Gathered at Columbian Park to Do Honor to the Soldiers.

The picnic given today at Columbian park in honor of Company E was attended by an enormous crowd.

The dinner given to the company was a complete success in every way, and the entertainment this afternoon commenced with an eloquent and patriotic address by Judge P. C. Young, He was frequently interrupted by applause and his remarks in regard to the wise policy pursued by President McKinley brought forth much enthusiasm. The speech was one of the finest ever delivered in the city.

The program of sports is being carried out this afternoon, and an enormous crowd is present. Every car leaving the center of the city until 3 o'clock was crowded.

HON. R. W. TAYLER

Came to the City In Company With Well Known Lisbon Men.

Hon. R. W. Tayler, County Chairman I. B. Cameron and Ed A. King drove to the city today to attend the reception at Columbian park in honor of Company E.

The gentlemen called on many of their friends in the morning, and Mr. Tayler also attended to some business matters. He has not been in the city for some time, and was everywhere received most cordially.

BURGLAR INSANE.

He Stole From a Lisbon Saloon the Other Day.

LISBON, Sept. 30.—[Special]—Frank Smeltz, who burglarized Job's saloon, was taken into probate court today, and and an inquest held as to his sanity. Doctor Moore and Doctor Marquis believed him insane. While they thought he could distinguish between right and wrong, yet he would do wrong because he had not sufficient mental power to resist the impulse for a wrong deed. He will be sent to Massillon.

Completed Arrangements.

The Company E picnic committees met last evening in the office of Col. John N. Taylor and completed all arrangements for the celebration.

Two Cases Were Heard In Circuit Court.

LISBON, Sept. 30.—[Special]—The entire afternoon yesterday was occupied in circuit court in the hearing of the McClosky-Hay will case from East Liverpool.

The case of J. P. Caldwell versus L. M. Dewell was heard in circuit court this morning, and the court is now hearing the appeal case of Barbara McColla versus H. C. Jones. Mrs. McColla owns a life estate in Salem land, and paid an assessment to the city for a sidewalk in front of her property. She seeks to be reimbursed by the heirs.

Mrs. Mary Gourley, of Liverpool, was given 30 days in jail and $15 fine for stealing $20 from John Smith.

J. C. Kistler has sold to Albert Hoops land in Butler township, $225; the Land Improvement company to G. C. Pefford, $275.

William Whitney, Allie Downer and John Patterson, of Wellsville, charged with horse stealing, were brought to Lisbon yesterday and placed in the county jail. It is claimed the prisoners stole the horse and buggy of John Kennedy. They sold the rig at Smithfield for $25. They got $5 on account, and were to get $20 the next day. They failed to return, and the buyer notified the Wellsville authorities. The trio were caught at Parkersburg, and after a hearing at Wellsville were bound to court.

MISSIONARY MEETING.

Important Personages Made Addresses at Lisbon.

LISBON, Sept. 30.—[Special]—The annual convention of District No. 12 of Ohio Christian Missionary society, met here yesterday.

The morning session was devoted to reports and announcements of committees. Twenty-five churches are represented. At 2 o'clock in the afternoon Rev. L. E. Hoskins conducted prayer service, and "How to create and maintain enthusiasm among Sunday school teachers" was ably discussed by Prof. O. S. Reed. "How to Increase the Enrollment" was the subject given Geo. H. Mounts. Miss Vodrey spoke splendidly of the primary department, and H. W. Summers answered "What is Efficient Teaching." "Preparation For Teaching" was another subject given Reverend Hoskins, and "Things That Hinder" were mentioned by Miss Myers. "The Bible School as a School" came to Rev. A. D. Chamberlain, of Alliance.

The evening session began with devotional exercises, followed by an address by Rev. H. N. Miller, of Wellsville, "How Much Owest Thou?" Rev. R. Moffatt, of Cleveland, gave an excellent address.

"The work of our fathers and what next?" by Dr. S. Doble, opened the morning session. He was followed by Emmitt Nicholson, in the "Midweek Prayermeeting." "Our Literature," by Reverend Moffat, and "Supporting Our Own Church," by Doctor Moore, ended the session.

The afternoon session is being devoted to the C. U. B. M.

Officers were elected as follows: President, J. C. Slayter, Steubenville; vice president, H. N. Miller, Wellsville; sectetary and treasurer, M. E. Chapley, Lisbon.

EAST END PROTECTION

The New Fire Station Almost Completed.

TWO HORSES ARE NEEDED

Provided the Wagon Is Purchased—The New Department Will Not All Be Expense Since the Team Can Be Used In Summer For Street Cleaning.

The East End fire station will soon be completed, and then the fitting up of the department will occupy the attention of council.

The wagon has already been ordered here on approval, and the fire committee will recommend that two horses be purchased for the department, as they will be needed in the winter to haul the wagon over the roads in case of fire. In the summer one of the animals can be used by the East End street department to do their hauling instead of employing a teamster to do the work. It is argued that in one season the horse would almost pay for itself in the amount of money saved to the street department. Another argument in favor of the plan is that one horse is not enough to haul the heavy wagon in the winter.

The selection of a man to have charge of the station is another matter that will be carefully considered. The party will be taken from the central fire station and will be subject to the orders of Chief Morley, to whom the selection will probably be left. The new man will also act as a policeman for East End, and will be one that has had some experience in that line. The place will pay $2 per day and several members at the central department are after it.

It is probable the matter will be discussed at the next meeting of council and finally settled, as the station will be entirely completed within the next three weeks, and it is the intention to have it running just as soon as possible thereafter.

DARKEST RUSSIA.

A Good Play by a Good Company Coming to the Grand.

If such a thing is possible, the romantic drama, "Darkest Russia," which will appear at Grand Opera House, Monday, October 3, is gaining in popularity and its coming is awaited with more feelings of expectancy than at any time during the years of its success as an attraction for the the theater going public of America. If its future is to be judged by the past and the interest in its coming to the various places continues, as there is every reason to suppose that it will, it is destined to be with us for many seasons to come.

There is much to commend in the performance of "Darkest Russia." It presents in pleasing variety many scenes that so closely bind the humorous, the pathetic and the thrilling together, that the transition from one to the other is hardly noticed, and the interest in the production as a whole is never allowed to lag and grow tiresome.

More About Mercer.

Winnie Mercer yesterday played middle field for the Washington team against New York, and out of four times at bat made three runs and three hits. He also had one putout and three stolen bases. A morning paper says:

"Manager Irwin regards Winnie Mercer as a valuable outfielder and refused to entertain an offer made for Mercer by Buck Ewing. If Ewing purchased Mercer he would use Winnie in the middle of the diamond, though Irwin insists that Mercer would prove of more value as an outfielder."

SEASON OF HARD WORK

Water Works Officials Have Their Hands Full.

LOWERING MAINS IN THE CITY

It Has Been the Most Expensive Season For a Long Time, and It Is Not Yet Ended—Where the Work Has Been Done. Much Money Has Been Spent.

Superintendent Morley, Clerk Gipner and the water works trustees are looking about to see what improvements they have made this year, and find that already they have spent a considerable amount of money because the plans laid out by council demanded the lowering of pipes in several parts of the city.

The force employed by Superintendent Morley has been very busy, among the important work accomplished being the laying of a long main to the plant of the Potter's Mining and Milling company. The extension was unusually long and cost a lot of money, but it adds greatly to the protection against fire at the plant.

The grading of Pennsylvania avenue through a long distance compelled the relaying of mains, while the same work on Avondale street has been even more expensive. The work there is not yet completed. Rock was encountered, and a considerable amount of blasting was done.

So much grading has been done on Lisbon road that the department had a big job there lowering pipes, while the work on Thompson hill in the new addition required no little time and expense. In Bradshaw avenue the construction of a sewer made it necessary to sink the water pipes deeper, and it was deemed advisable to enlarge the main from 10 inch to 20 inch, and new pipe costs money. The main was relaid in the alley between Third and Fourth streets, because the old pipe was not large enough to supply the growing demand. Many houses have recently been built in that section.

When all expenses are summed up the officers find they have had a most expensive year.

A QUESTION FOR THE MAYOR.

"Inquisitor" Wants to Know Something of a Business.

EDITOR NEWS REVIEW—With your permission I should like to ask the mayor of our city if it is true that a bucket shop is being conducted here. I have had an attorney look up the law for me and part of section 6,934 a-1 reads in part: "It shall be unlawful for any person or partnership to keep or cause to be kept within this state any bucket shop, office or other place wherein is conducted or permitted the pretended buying or selling of stocks, grain, and etc., either on margins or otherwise, without any intention of receiving and paying for the property so bought, or of delivering the property so sold. Penalty, a fine from $200 to $500."

Sec. 6,934 a-2 says the offense shall be complete in "thus pretending or offering to sell, or thus pretending or offering to buy, whether the offer is accepted or not."

Sec. 6,934 a-5 also says whoever knowingly permits any of the illegal acts aforesaid in his building, house, and etc., shall be fined from $500 to $1,000.

If there is an institution of this kind with us, would it not be a good idea to apply the law? It would only be justice to the offenders and a good warning to others.

PROHIBITION IN CANADA.

Indications That the Proposition Probably Was Adopted In the Election.

QUEBEC, Sept. 30.—Reports from all parts of the Dominion indicate that the vote yesterday for and against prohibition was larger than was expected. The weather in all the provinces has been most favorable.

The indications last night were that prohibition has been carried by a large majority, but probably not more than one-half the registered vote of the Dominion has been cast.

EDHAM PASHA RETIRED.

Turkish Governor Left Crete—Ultimatum of the Powers In Sultan's Hands.

CANDIA, Island of Crete, Sept. 30.—Edhem Pasha, the Turkish governor, who is chiefly blamed for the recent rioting here, has been deprived of the governorship and started for Smyrna yesterday.

The delays and subterfuges in complying with the orders of Admiral Noel, the British commander in these waters, increase. The Turkish authorities have ceased surrendering arms and are pretending that the disarmament has been completed. The British officers propose to search suspected houses.

They have discovered that many of the men surrendered to Admiral Noel as ringleaders of the rioting are innocent, while the guilty are still at liberty.

The President In Demand.

WASHINGTON, Sept. 30.—Many cities wish to be included in the itinerary of the president's trip west. He will reach Omaha Oct. 11. The Omaha authorities look for him to remain over Oct. 13, and it is likely he will be in St. Louis the night of Oct. 14. It is also probable he will reach Chicago before the 16th. The disposition of the balance of the fortnight, however, has not been definitely settled.

UNION LABELS.

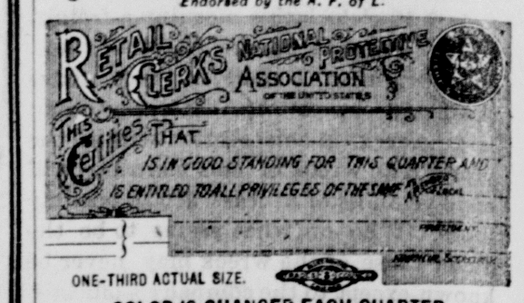

It should be a deep-rooted principle of all union workmen and union sympathizers, and particularly those members of the different organizations of East Liverpool, to buy nothing but Union Label goods, in preference to all others. And why not? If we ask fair wages for our labor, why should we buy goods made at unfair wages by others?

The Union Label in every industry is a guarantee of fair wages, decent working hours, and union labor employed.

PATRONIZE UNION CLERKS.

All members of the R. C. N. P. A. can show this card. Ask for it when making your purchases.

Endorsed by the A. F. of L.

ONE-THIRD ACTUAL SIZE.

COLOR IS CHANGED EACH QUARTER.

Good only during months named in lower left hand corner and when properly signed, and STAMPED with the number of the Local.

The Journeymen Tailor's Label is to be found in the inside breast pocket of the coat, on the under side of the buckle strap of the vest, and on the waistband lining of the pants. It is printed in black ink on white linen.

UNION MADE HATS.

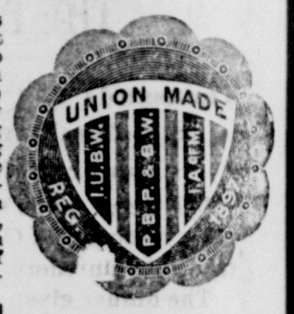

This Label is about an inch and a half square, and is printed on buff-colored paper. It is placed on every union made hat before it leaves the workman's hands. If a dealer takes a label from one hat and places it in another, or has any detached labels in his store, do not buy from him, as his labels may be counterfeit, and his hats may be the product of scab or non-union labor.

UNION MADE CLOTHES.

You will find the linen label attached by machine stitching to the inside breast pocket of the coat, on the inside of the buckle strap of the vest, and on the waistband lining of the pants.

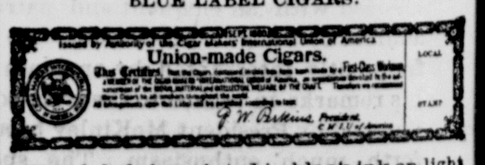

BICYCLE LABEL.

"Do unto others as ye would that others should do unto you." You will endorse the "Golden Rule" by buying and riding bicycles bearing this Label. The colors are as follows: The Union shield is in red, white and blue, on a background of pea green, bordered by gold.

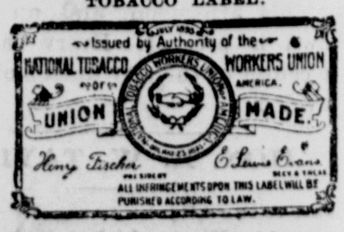

The Label will be placed on the upper front side of the tube that receives the seat post.

BLUE LABEL CIGARS.

This label is printed in black ink on light blue paper, and is pasted on the cigar-box. Don't mix it up with the U. S. revenue label on the box, as the latter is nearly of a similar color.

TOBACCO LABEL.

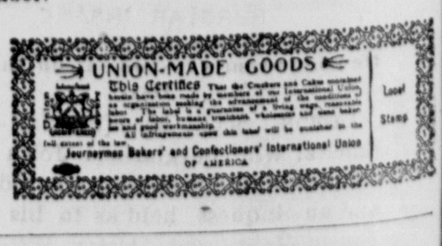

The above Label, printed on blue paper, will be found on all plug tobacco and on the wrappers of chewing tobacco manufactured in union tobacco factories.

UNION BREAD AND CRACKERS.

This is a full size facsimile of the Label of the Bakers' and Confectioners' union. It is printed on fine white paper and is pasted on each loaf of union-made bread. It is an evidence that the bread is made under fair and wholesome conditions, and in clean and healthy bakeshops. Following is the confectioners' and cracker Label:

TO BUSINESS MEN.

The combination prices of the NEWS REVIEW, advertisement in paper and bills from said advertisement, are cheaper than any other daily paper in the city, while the workmanship, material and inks made use of are incomparably superior to those of would-be competitors. Test the matter. We will prove the truth of our assertion.

ONLY A FEW ARRESTS

Mayor Bough Had Little to Do This Morning.

SETTLED SOME OLD CASES

Jim Sharp Was Released at the Request of His Mother, and Not One Cent Was Assessed Against Him—Wellsville Man Fined.

Mayor Bough had very little business to transact this morning, and only three small cases were disposed of.

Harry Jones, one of the men put in jail yesterday afternoon and who gave his residence as being in Wellsville, was assessed $6.60 for being drunk. He was not able to put up the required amount and as a result is still lingering.

Frank Lewis, employed at the Dresden pottery who was put in yesterday on a similar charge, that of being drunk, was fined $7.50. He was in a better position to pay than was Jones, so he was released.

James Sharp, he who has been in many times during the past few years, was released this morning, without money and without price. His mother still has a spark of love in her heart for James, so she called on the mayor, which had the desired effect. Jim did not know that a plea had been made in his behalf, and when he was brought into the office he thought the next train might take him away. He also made an eloquent plea in his behalf, and the mayor released him, but not before he told him that if he came back again he would think a bolt of lightning had struck him. He made many promises and went away a happy man.

No new cases were brought in last night, but it is thought at city hall that several will be brought in today.

Australian Oysters.

The Australian mollusk is of two kinds—the mud oyster and the rock oyster. The former grows to a larger size, but the rock oyster is more generally esteemed for flavor. Their names indicate their place of growth. The rock oysters love the beds and adjoining rocks of tidal streams. They grow in clusters, in a variety of shapes and sizes, and each cluster is attached to something solid. Here they are alternately bathed in salt water and in fresh or brackish. They are also left for hours high and dry until the incoming tide refreshes them. Nor do these oysters always select rocks on which to dwell. These accommodating mollusks may frequently be found adhering to the roots and lower branches of the mangrove and other trees which delight in a sort of submarine residence. It is doubtless to this peculiarity that the sailor referred when he wrote to his mother at home, telling the old lady, and not untruly, that in Australia oysters grow on trees.—Chambers' Journal.

A Fighting Diet.

In some remarks on vegetables as a fighting diet G. B. Shaw says: "Ninety-nine per cent of the world's fighting has been done on farinaceous food. * * * Compare the Tipperary peasant of the potato and buttermilk days with the modern gentleman who gorges himself with murdered cow. The Tipperary man never read bloody minded novels or cheered patriotic music hall tableaux, but he fought recklessly and wantonly. Your carnivorous gentleman is afraid of everything, including doctors, dogs, disease, death and truth telling."

Charged $5 For "Sass."

A story is told of Fanny Kemble, whose favorite summer resort was Lenox, that on her first season there she employed a self respecting villager, who had a comfortable turnout, to drive her about. He, feeling it to be his duty to make the drive as entertaining as possible, began to call her attention to the beauty of the scenery—which she wished to enjoy undisturbed—and to tell her who lived in certain houses as they passed along, until finally Mrs. Kemble, being unable to stand it any longer, said in the high tragedy manner somewhat peculiar to her, "I have engaged you to drive for me, sir, and not to talk."

The driver ceased talking, pursed up his lips, and in all their subsequent drives his only remarks were such as he found necessary to address to his horses. At the end of the season he handed in his bill for the summer services. Running her eye down its awkward columns, she paused at an item that she didn't understand. "What is this, sir? I cannot comprehend it."

With equal gravity he replied, "Sass, $5. I don't often take it, but when I do I charge."

She paid the bill without comment and continued to enploy the same driver during many summers she spent there. —Boston Record.

The Gamblers' Capper.

"Many of the phases of life in the Tenderloin are kaleidoscopic in their changes," said a hotel detective, "but there is one little group of men in this precinct that is much the same now that it was a dozen years ago. I mean the outside men of the gambling house They are well known to all sportin men, and I could name four or five wh have done little else all their lives. is their business to know the regula patrons of faro banks, and if the man who employs them has been forced to close up his old place and open a new one it is their duty to circulate the tip.

"A good outside man spends his time around hotels and in all night restaurants and picks up acquaintances wherever he can. After working up to the subject of gambling he invites his new friend to go around to a little place that is run honestly and safely. One of the best dressed loungers on Broadway, whose face has long been familiar to paraders on that street, is a puller in for a gambling house. He was a barkeeper a few years ago and there made a lot of acquaintances who are his stock in trade. He spends money as freely as a wine agent, and I have no doubt that he brings many thousands of dollars to the man who runs the gambling house." —New York Sun.

Corrupting an Echo.

At Killarney every visitor hears some laughable stories. Here is one—new and fresh, I think—which I picked up during my last visit to the glorious lakes: A number of boatmen who were quarreling about the division of "tips" indulged at the top of their voices in a good deal of profane language, which the marvelous echo repeated verbatim.

"Arrah, look at that, now, for a scandal," said one of the party who was of a pious turn. "T'achin the poor harmless echo to curse and sware."—Spectator.
